
SHORT MODULAR TRACK, TITANIUM

APST9TM1 | [adorne](#)

FEATURES & BENEFITS

USAGE

Perfect for eliminating countertop clutter and creating a more functional kitchen counter space in spaces with shorter cabinet sections.

This Modular Track is 10" in length but can be cut down to 8" to fit a smaller cabinet section, allowing you to create an under-cabinet system custom-designed for your kitchen.

Enables direct wire connection to wiring behind the wall. Cannot be connected to any other modular track segment. The Short Modular Track includes one outlet module and can support one Linear LED light.

Tamper-resistant outlets feature patented shutter-system, keeping children safe by preventing them from pushing small objects into the outlets.

Features a sleek, titanium finish.

GETTING STARTED

- Time to Install: 30 minutes or less.
- The adorne Short Modular Track is mounted to the wall underneath kitchen cabinets. All required hardware is provided.
